Europe's a goer for WA health firm

17-July-08 by Edited announcement

Perth-based health care company ATOS Wellness Ltd is keen to secure a second European centre following the success of its Vienna site where revenue of over \$325,000 was returned over the June quarter.

In an announcement the company said it had completed its first quarter market evaluation of its first European wellness centre in Vienna, which has a separate distribution office at Bad Voslau, outside Vienna.

The centre is immediately cash flow positive and revenue over 200,000 in the first quarter.

ATOS Wellness Vienna is the first inroad into Europe and houses qualified wellbeing practitioners from the region.

Chief executive Ananda Rajah said, "with an immediate cash flow positive operation we know our model is solid. This result makes us eager to soon secure a second European site."
